Advisory for the Low-Pressure area over Central Bay of Bengal

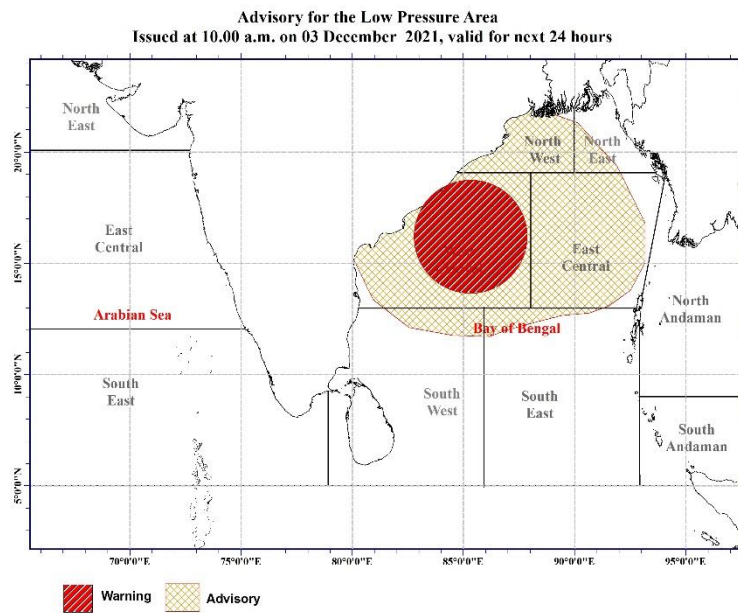

Issued by the Natural Hazards Early Warning Centre

Issued at 10.00 a.m. 03rd December 2021

For the deep-Sea areas of Central Bay of Bengal.

PLEASE BE AWARE!

The low pressure over South-east and Adjoining East-central Bay of Bengal is concentrate in to a depression and lay centered at Lat. 13.0°N and Long. 86.0°E. It is likely to move northwestwards and intensified into a Cyclonic Strom over Central parts of the Bay of Bengal during next 24 hours. It is likely to reach west-central Bay of Bengal off north Andhra Pradesh – south Odisha coasts around 4th December morning. Very strong winds of (50-60) kmph gusting up to 70 kmph with very rough seas will be expected these sea areas.

FISHERMAN ADVISORY:

- Naval and fishing communities are advised not to venture into the deep-sea areas of South-east Bay of Bengal, north part of South-west Bay of Bengal, and West-central Bay of Bengal Sea areas during next 72 hours.
- Those who are out at Sea over these regions are advised to return to coasts or moved safer areas immediately.
